 - Freedom Cards
 - Others
- A complete list of products and their intended audiences has been provided to you.

COUNTERMEASURES

- The Medical Threat Briefings and Soldier Information Products outline medical threats and their countermeasures.
- Soldier Readiness Processing should validate that soldiers (units) have appropriate countermeasures in place.

The background of the slide is a faded, waving American flag. The stars and stripes are visible but semi-transparent, allowing the text to be the primary focus.

COUNTERMEASURES

- Countermeasures that should be validated include (but are not limited to):
 - Permethrin treated uniforms
 - Supply of DEET
 - Clothing required to prevent cold/heat injuries
 - Sunscreen
- Countermeasures should be validated based on threats.

The background of the slide is a stylized, semi-transparent image of the United States flag, showing the stars and stripes. The flag is positioned on the left side, with the stars visible in the upper left corner and the stripes extending across the bottom and right side.

HCP Information

- Specific information products are available to support deploying HCPs.
 - Primarily up-to-date resources
- Each HCP in CSHs does not need to receive the entire set.

The background of the slide is a stylized American flag, with the stars and stripes visible. The stars are white on a blue field, and the stripes are red and white.
